

ENVIRONMENTAL POLICY

ENVIRONMENTAL POLICY STATEMENT

LM Products considers that care and respect for the environment and for its eco-systems is essential.

We are committed to minimising the environmental impact of our operations, products and services through:

Working towards an Environmental Management System that complies with ISO 14001. This will incorporate:

- Minimising the generation of waste and disposing of unavoidable waste in a responsible manner.
- Minimising unavoidable pollution or nuisance that may be caused by our activities.
- Optimising our use of natural resources by using energy, water and raw materials more efficiently.
- Promoting recycling of materials (as in recovery, recycling and reuse of products)
- Complying with relevant legislation

We are endeavouring to:

- Increase the focus on improving our environmental performance by setting realistic and achievable objectives through regular monitoring and reviewing of our environmental performance.
- Communicate our intentions to our personnel, contractors, suppliers and customers through education, training and by raising levels of awareness and competence.
